CytoOne® Multiple Well Plates

Premium Plates

Choose tissue culture treated plates for optimum cell attachment and growth or non-treated for suspension cultures. The non-reversible lids have condensation rings to minimise contamination and are vented to improve gas exchange.

Features

- ▶ Complete 360° chimney wells prevents crosscontamination and provides uniform temperature transfer across all wells
- ▶ Gripping areas on plate bases for secure handling
- ▶ Certified RNase, DNase, DNA and Pyrogen free

STARLAB Calibration Service

You can rely on professionals!

STARLAB Pipette Service is backed up with expertise and many years' experience in the manufacture and distribution of liquid handling products.

We are equipped with latest generation of weighing technology so that we can offer a fast, competent and cost-effective service.

sFr. 45

2 STAR Service

- ▶ Pipette dismantled, cleaned internally, inspected and leak tested
- ▶ Where necessary, worn parts are replaced*
- ▶ Pipette cleaned externally
- ▶ If necessary, your pipette will be adjusted to comply and recalibrated
- ▶ Certificate of Calibration for each pipette, specifying the results and any replacement parts fitted
- ▶ Calibration: a three reading accuracy and precision check at min. and max. points (to manufacture's specification)

sFr. 55

3 STAR Service

- ▶ Pipette dismantled, cleaned internally, inspected and leak tested
- ▶ Where necessary, worn parts are replaced*
- ▶ Pipette cleaned externally
- ▶ If necessary, your pipette will be adjusted to comply and recalibrated
- ▶ Certificate of Calibration for each pipette, specifying the results and any replacement parts fitted
- ▶ Calibration: a three reading accuracy and precision check at min, mid and max. points

* Parts are charged at extra cost. We will inform you beforehand if parts need replacing.
